

With over 40 years of experience in the insurance industry, Insurance Administrative Solutions (IAS) has developed a **highly-secure Cybersecurity platform** to meet the needs of our clients and regulatory compliance. IAS has also established an Enterprise Risk Management Policy designed for the demands of **business agility and serviceability**, while safeguarding information assets.

As custodians of sensitive data, our dedicated Cybersecurity Team is committed to ensuring the **integrity and privacy of your data**. This is accomplished by aligning industry best practices with feedback from our partners, then focusing these results into a **continuous process improvement cycle** to secure critical data.
